ickStream

The screenshot shows the Logitech Media Server web interface. At the top, there's a navigation bar with tabs: Basic Settings, Player, My Music, mysqueezebox.com, Interface, Plugins, Advanced, and Information. The 'Advanced' tab is selected, and a sub-menu shows 'ickStream' is active. Below the navigation, a message says 'Changes have been saved.' The settings are as follows:

- Sort albums for artist:
- Background daemon port:
- SSL peer verification:
- Proxied streaming for hires services:
- ickStream Music Platform Service:
- Terms of use:
- Privacy Policy:

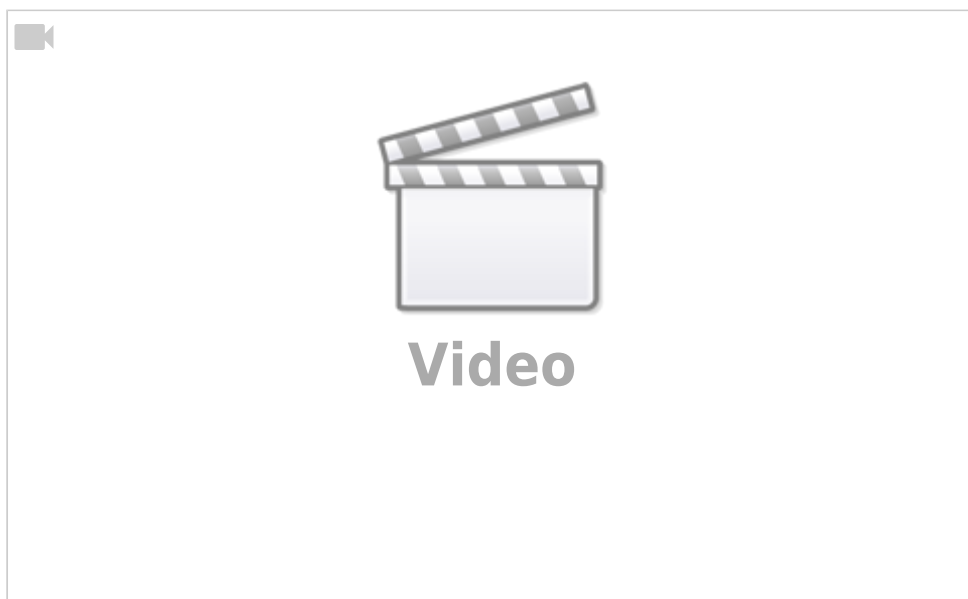

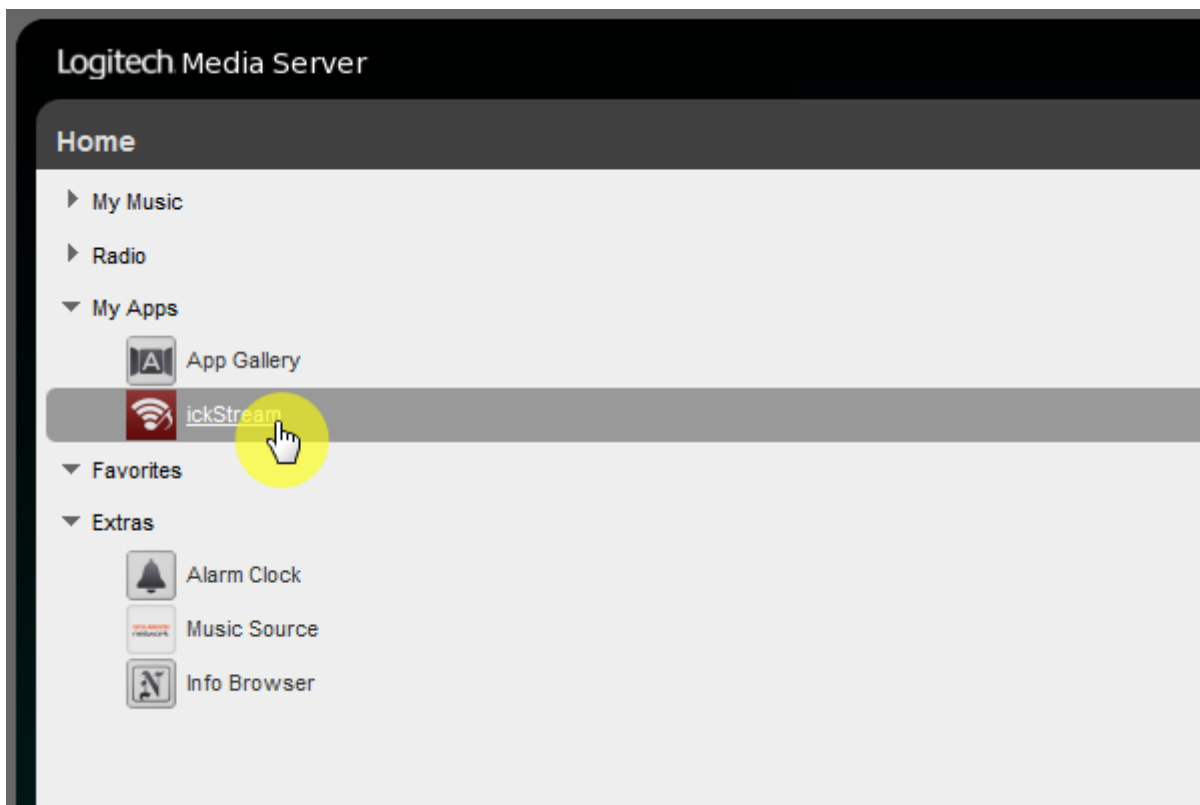

A yellow circle highlights the 'Login to ickStream Music Platform' button, with a mouse cursor pointing at it. Below this button, text reads: 'If you have just logged in successfully, click "Refresh" button to'.

This screenshot shows the same Logitech Media Server interface, but after a successful login. The 'ickStream Music Platform Service' section now displays: . Below this, there's a link: 'Add or remove services from your ickStream Music Platform acc...'. Other settings remain the same as in the previous screenshot.
